

## The 2015 Shadow Program Results

The Shadow is an annual fall semester Crime Prevention initiative that operates as a contest between the four traditional Residence Halls. The intent is to impress upon occupants the importance of Residence Hall safety and security. The contest is based on a point system, depending on discrepancies noted by "The Shadow" throughout the week. The winning Residence Hall receives an Award that is on display throughout the year.

The assessment of its outcomes are based on a pre-event and post-event check throughout each hall, with the expected outcome to be that the number of discrepancies after the promotion will be lower than those before the event.

The event is a coordinated effort between the Student Engagement, Enrichment and Development (SEED) Office and the Campus Police Department.
