Over two-thirds of Austin College students study abroad
Tossing “three coins in the fountain” at Fontana di Trevi may gain these Austin College students a magical return to Rome, but they took full opportunity for exploration during the January Term 2016 course, “Rome the Eternal City.” A group of 34 Austin College students and Dr. Bob Cape, Chase Professor in Classics, studied art, literature, and monuments to discover how Rome’s ancient past affects the modern world—and how the modern city of Rome embraces its heritage. The group also visited archaeological sites, churches, and the nearby cities of Tarquinia, Palestrina, and Pompeii.

SEE AUSTIN COLLEGE FOR YOURSELF.

Monday, Sept. 5, 2016  Labor Day Preview*
Monday, Oct. 10, 2016  Columbus Day Preview*
Monday, Jan. 16, 2017  Martin Luther King Jr. Day Open House
