## **Mirror Outside the Cafeteria Resolution**

Sponsor: Krishna Thenappan, Student Assembly President

- Concerned** that there is a potential danger in the line for depositing trays that the corner does not allow enough vision or reaction time; thus, there is the possibility for injury if students are not always vigilant,
- Having devoted** time and communication with John Jennings to find the most cost efficient mirror that is built for ensuring safety around corners, the 12" Convex Acrylic Safety/Security Mirror will be the best option,
- Being that** the purchase of a safety mirror would allow faculty, staff, students, and visitors to have the ability to see who/what is behind them, will make for a safer exit from the tray line,
- Be it resolved** that the Student Assembly authorizes the purchase of a safety mirror for \$32.99 to be placed in the corner of the exiting area of the tray line to increase the safety for our faculty, staff, students, and visitors on campus.
- Note** Installation, due to the generosity of Physical Plant, will be cost free.
