## **Pouch Club Plastic Food Trays Resolution**

Sponsors: Sponsor: Brady Flanery, Class Representative

- Aware** of the large amount of people who purchase food in the pub and remain in the pub for events or to interact with friends,
- Conscious** that the pub currently uses paper baskets for all orders which increases non-recyclable waste,
- Suggesting** that a more environmentally-friendly way to serve food would benefit the local landfill, environment, and be more appealing for Austin College's image,
- Be it resolved** that Student Assembly authorizes the purchase of 156 plastic food trays (13 packs of 12 trays) for approximately \$115 from Amazon. This number allows for Aramark to wash plastic trays and replace them as they are cleaned.
- Note:** Aramark has agreed to this proposal and will wash the trays, as well as provide the wax paper sheet that is placed under the food. The price of \$100 is approximate because of the possibility that the supplier cannot fill an order of 13 right away and two orders might need to be placed or an alternate supplier must be located. Nonetheless, the trays will be approximately \$150 total.
