### **Popcorn Machine for Campus Organizations Resolution**

Sponsor: Ben Schmidt, Junior Class Representative

- Having examined** many organizations have had difficulty with the current popcorn machine borrowed by the Campus Activities Board (CAB)
- Noting** complaints regarding burnt popcorn and machine quality, causing a decreased outcome of students at campus events
- Convinced** that the purchase of a new popcorn machine for CAB would greatly improve the experience of using the machine for campus events for both CAB and all organizations that borrow it
- Further noting** a high quality popcorn machine and cart would last much longer, saving money in the long run, and prove a worthwhile purchase for all Austin College campus organizations
- Be it resolved** that Student Assembly authorizes the purchase of the following items:
- JetStar Popcorn Poppers with Stainless Steel Top: Model 39S-A = \$880  
Grey Plastic Large Utility Tub Cart = \$240 (discount with Aramark)  
Total = \$1,120
- Note:** The machine will be kept in the CAB Office, link of purchased items (<https://www.restaurantequipmentsolutions.com/pdfspecs/STA39B.pdf> & <https://www.hubert.com/product/44683/HUBERT-Grey-Plastic-Large-Utility-Tub-Cart---38L-x-26W-x-42H?searchTerm=cart>)
