austin college student scholarship conference

AC  **SC** March 23 & 24, 2018

Welcome

ACSC 2018

President's Welcome Letter

Welcome to the sixth annual Austin College Student Scholarship Conference, a celebration of our students' intellectual curiosity and active participation in the pursuit of knowledge and achievement.

One of the hallmarks of an Austin College education is our belief that learning takes place everywhere. Our students go beyond the boundaries of the classroom and into the laboratory, the studio, the stage, and the community. The work presented here demonstrates how students have extended their learning across many disciplines and methods of study.

Research and scholarship require the spark of an original idea and also great dedication, patience, and commitment to see that idea through to completion. Presenting results from research requires strong communications skills, whether through written, oral, or visual means. All of these efforts serve students well in whatever future interests they pursue.

Another hallmark of an Austin College education is the individual mentoring relationships our students find here. Faculty members demonstrate their own intellectual curiosity through academic pursuits, and they create structures that both engage students and provide them opportunities to embark on independent study. Without faculty support and guidance, this conference would not be possible.

I would like to thank the Conference Planning Committee for the time and energy they have devoted to providing this impressive showcase of student achievement.

The Austin College Student Scholarship Conference is designed to encourage dialogue and engagement. We hope you will take this opportunity to meet new people, encounter new ideas, and think about the ways your own education can be expanded through the pursuit of original research.

Sincerely,

Steven P. O'Day

President
