

46 students participated in CREATE-supported summer programs

18 students traveled to other universities/ companies/labs to conduct summer research

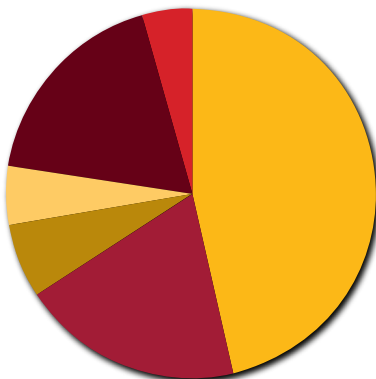

50,759 miles traveled AC sponsored over 50,000 miles of student travel to present research at national and regional professional conferences.

Circumference of the Earth 24,901.55 miles

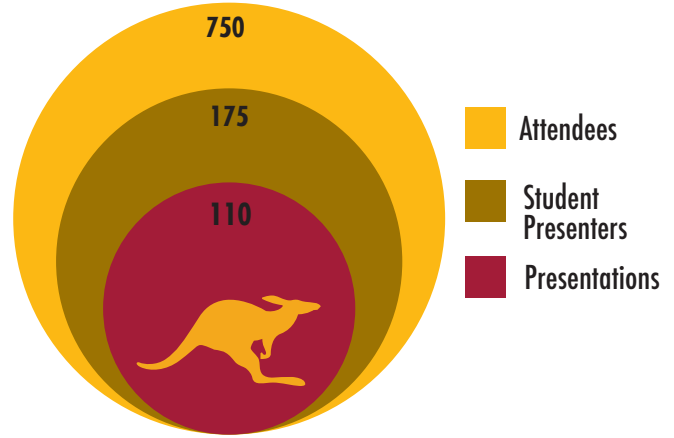

CREATE supported research experiences for **157** students from all backgrounds.

- White
- Hispanic
- Black
- Multi-racial
- Asian
- Other

"Undergraduate research here at Austin College is ultimately designed to enhance the learning experience of all students." — CREATE student

750 students, faculty, and staff attended the Austin College Student Scholarship Conference

244 linear feet of research posters

Lined up, the 60 posters presented by AC students would be longer than a Boeing 777 jumbo jet.

"While I certainly approached the conference as an opportunity to showcase that which I have spent so much time preparing, I did not anticipate how profoundly listening to others' work would impact my own thoughts and future explorations."

— CREATE student

Austin College students earn recognition for outstanding work among peers.

- 4** Research Grants
- 5** Travel Awards
- 6** Presentation Awards

1 Goldwater Recipient
