---

I understand that I need to check in with the Designated School Official (DSO) at the beginning of every semester and update my information.

I understand that I need to check in with the DSO before I leave the country to have my I-20 signed and discuss the implications of my travel.

I understand that I need to check with the DSO before taking any on-campus job for permission and to determine if my visa allows for that type of work.

I understand that I need to maintain a full-time course load to maintain my status (at least 3 course credit units) and that I will consult with my DSO before dropping any courses.

I understand that it is my responsibility to maintain my status in accordance with my student visa.
