

## Medical Insurance for Students at Austin College

### Annual Enrollment or Waiver

Each year we ask students to confirm their active medical insurance. Medical insurance coverage is required for attendance (full time, TA, and graduate students). If you do not have private medical insurance such as being listed as a dependent on a parent's policy, you have the option of either enrolling with insurance of your choice or accepting the student health insurance policy (also called SHIP). Currently the policy offered by Austin College is through [Academic Health Plans](#) (AHP) with the insurance Wellfleet.

### AHP Insurance

Coverage through AHP is from August 1, 2022, to July 31, 2023, and is a full insurance policy for medical and mental health, medication, hospitalization. The cost is \$2549.00 billed to your Austin College student account.

**Every year, you must waive or enroll in the insurance. If you take no action by **June 17, 2022**, you will be automatically enrolled, and your account will be billed.**

### Take Action

The student should go to <https://myahpcare.com/> and complete the waiver or enroll.

**Log in:** Your student ID beginning with zero, e.g., 0XXXXXX

**Password:** Your birthdate in **mm/dd/yyyy** format

You will receive an email stating the waiver is validated.

***The deadline is June 17.*** If you have a question, please call Health Services at 903-813-2247 or come by Adams Center to talk in person. Our office coordinator, Cindy, is happy to help. You may also get reminder emails from AHP to do the waiver. Be sure to watch for emails asking for more information if needed.
