

Dear Austin College Student,

Austin College is pleased to offer student health insurance at an affordable cost. The cost for one year (August 1 to July 31) is \$2,549. For new students starting in either Jan term or for Spring semester only, please refer to PDF flyer for rates.

If you have health insurance through an employer or are still eligible to stay on your parent's insurance plan, you may continue with that policy. To do this you must go to the Academic HealthPlans (student health insurance) website and waive (decline) the student health insurance. You will be required to upload a front and back copy of your current insurance card. This must be done no later than **June 17, 2023**. Failure to decline and upload your current insurance card will result in a charge for insurance being applied to your student account in the full amount of \$2,549.

You can pick up coverage at any time during the year with a "Qualifying Life Event" by contacting our office at 903-813-2247 or health@austincollege.edu.

**All students must login to this system and follow the steps to EITHER waive the coverage or to enroll.*

Be sure to upload the front and back copy of your card. It is best to do this before you leave for the semester so you don't forget! Again, the deadline is **June 17, 2023**
