

"I am so grateful for the opportunities awarded to me through the Scarbrough summer research program. This program kept me motivated, provided invaluable resources and support, and set me up for success on my honors thesis and research endeavors in the future." Carrie McIntyre '22

Scarbrough Summer Research Program in the Humanities & Social Sciences

The Scarbrough summer research program supports faculty-sponsored student summer research in the humanities or social sciences. Scarbrough fellows spend ten weeks of their summers conducting full-time research on a project designed in collaboration with a faculty sponsor, and receive up to \$3500 in summer funds to support that research.

Juniors and seniors with a cumulative GPA of 3.5 or higher with 10+ credits of study completed at AC may apply. Proposals require identifying and recruiting a faculty sponsor who can assist you in developing your ideas and completing the application.

Scan for more information and to access forms, or visit the Scarbrough Research page on the AC website!

***Hop to it, 'Roos!
Applications for Summer 2024 are due March 18th***
