Office located in Wright Campus Center 176

Opinion/Action Resolution: Clyce Hall North Door ID Scanner

Sponsor: **Alyssa Holloway**

- Aware:** Every dorm hall except for Clyce Hall has a scanner located at a disability ramp. The disability ramp available at Clyce Hall is currently an exit-only, unless a student gets special permission and obtains a key that can open the door.
- Observing:** Students who have disabilities feel excluded and like their needs are not being met as seriously as other needs. Since the ramp is strictly an exit-only now, students who require the use of the ramp can't genuinely access it unless they obtain special permission to get a key for the door. The only two ID scanners Clyce Hall has is paired with a set of stairs before either of them, therefore preventing students with special walking-aids and other disabilities from entering without assistance.
- Believing:** Having a scanner would provide an accessible way for students with disabilities and students without disabilities alike fair and equal access to the dorm hall without special accommodations having to be made for them.
- Convinced:** Clyce Hall and the community alike would benefit with an ID door scanner on the North side because it provides access for all students and

people to enter the building without required assistance. It would also enforce inclusivity and allow all dorm halls on campus to be completely disability accessible.

Be it Resolved: Student Assembly provides the required monetary amount of \$15,000 to install the Clyce North Hall ID door scanner. This includes shipping and installation. The card reader will be at the North side ramp access of Clyce Hall and will have an outward panel like Caruth Hall once completed.

Notes, taken 05/03/2022:

Clyce Hall: No accesible areas with scanner

Dean Hall: Two accesible areas with scanner

Caruth: One accessible area with scanner

Baker: One accessible area with scanner

Notes continued: Purchase will include the following:

- 1-Card Reader
- 1-REX Motion Detector
- 2-Door Position Contacts
- 2-Electrified Exit Bars
- 2-Armored Door Loops
- 2-Offset Pull Handles
- 2-Connections To Handicap Door Operators

- 1-Access Controller (To Replace Existing)
- 1-Lock Power Supply
- 1-Network Connection (Connect Panel To Customer Designated Switch Port)
- 2-Reconnect Existing Access Doors (South & West Entrances)
- Cable
- Interior Conduit
- Programming

Customer Installation Agreement
