Action Resolution: Roo Suites Toaster

Sponsor: Drew Easley, Miguel Liuzzi, Richard Williamson

Aware: That several students have expressed interest in the addition of a toaster oven in the common kitchen in the Roo suites,

Believing: The addition of a toaster oven would increase the convenience and quality of life for our peers resident in the Roo suites by providing them with a basic kitchen appliance which they currently do not have access too,

Noting Frankly: It is an open secret that a number of students possess contraband toasters, which provides a safety hazard due to creating a risk of fire,

Also Believing: The addition of an easily accessible community toaster would reduce the incentive and nullify the justification often given by students for smuggling their own appliances, thus reducing risk while also providing a convenience for all students,

Further Noting: The concern raised by some students that community kitchen appliances could become unclean due to neglect of individual responsibility, the Assembly leaves the jurisdiction to the Roo Suites hall council to decide if the toaster will be publicly available at all times, or available by request from the office;

Be it Resolved: That the Austin College Student Assembly put forth \$24.99 to purchase a BLACK+DECKER 2-Slice Toaster to be installed in the Roo Suites, the maintenance of which will be responsibility of the residents of the Roo Suites, and the control over whether it should be made publicly available at all times or should be available by request only, will be the purview of the Roo Suites student council.

The proper model can be found from the following link:
