## WHAT IS TRAVEL JANTERM?

Travel JanTerm is an opportunity for Austin College students to go abroad with fellow students and an Austin College faculty member to learn unique global topics. These courses are offered mostly in January, although some may be offered in May.

Travel JanTerm courses are part of a larger offering of learning opportunities in January. Students who opt not to travel also have on-campus courses to enroll in for that term. Students are required to complete **(3)** JanTerm courses before graduation.

Payment for travel JanTerm course fees will be due:

Remaining half	<b>Wed, Oct. 2<sup>nd</sup></b>

Students who do not complete payment by the deadlines may be withdrawn from their travel JanTerm course.

In addition to JanTerm course fees, students also need to be in good standing or are current in their account balance.

  - Scholarship recipients must register for a travel course by **June 14, 2024**

  - If a student has an unpaid balance from previous semesters in their account, the scholarship will **first** applied towards that balance
